

Ms. Joey Michalina Mariano

609-558-3211 | joey@joeymariano.com | github.com/joeymariano | joeymariano.com

Philadelphia based full stack web developer with a passion for detail-oriented work. With experience in Ruby on Rails, JavaScript, and React, I bring strong skills in collaboration and creative coding. My goal is to help successful companies make their web presence stand out from the rest.

Experience

IllustrationDivision.com | **Github** - New York NY 2019

Worked with the company to update their website and showcase their illustrator's artistic talent.

- + learned **JSNT** language
- + worked with client to translate design to code
- + negotiated contract rate
- + gave accurate estimates of work duration

TransBeautyShop.com | **Github** - Philadelphia PA 2018 - 2019

Worked with client to provide them with a responsive, professional site.

- + created with Ruby on Rails for scalability
- + configured **Mailgun** service and used the mailform gem to create the contact form
- + created a customized Bootstrap style focusing on readability for older clients

Freelance Web Development - Philadelphia PA 2015 - present

Works with small businesses to create fast loading, attractive and functional designs.

- + **8static.com**, **8staticfest.com**, **nmlstyl.com**, **cheapdinosaurs.com**, **retrogameaudio.com**
